## Experience

**Product Designer (Capstone) | NVIDIA, Santa Clara, Ca**
Apr - Dec 2026
Spearheaded an AI pre-screening internal platform with NVIDIA, driving **80%+** early issue detection and streamlining engineering workflows through Jira-integrated triage.
Directed **6** moderated usability testing sessions with developers, achieving an **80%+** trust rating in AI findings and accelerating high-fidelity prototype iteration.

**Product Growth & Design Intern | Sensitel, Santa Clara, Ca**
Jun - Aug 2026
Conducted customer discovery and product validation through **10+** procurement stakeholder interviews, directly uncovering critical workflow bottlenecks that shaped the core MVP feature set.
Synthesized user research and competitive analysis to shape product strategy and positioning for an AI procurement platform.
Designed and iterated an AI product prototype using Figma and Claude, defining feature priorities through user feedback and usability testing.

**Product Designer | MyShake, Berkeley, Ca**
Feb-April 2024, Jun-Aug 2025
Designed end-to-end mobile alert experiences that increased user engagement by **45%** across a platform serving **3.8M+ users**
Built scalable, WCAG-compliant design system supporting light and dark modes.
Partnered with product managers and engineers to ship usability improvements for a public safety platform.

**Co-President, Internal | UX@Berkeley**
Aug 2023 - May 2024
Revamped club operations, increased member retention by **50%**.
Spearheaded industry speaker series and workshops, connecting **30+** students with cross-functional design professionals.
Led cross-functional teams while fostering an inclusive design community.

## Education

**University of California, Santa Cruz**
M.S. Human-Computer Interaction, Dec 2026

**University of California, Berkeley**
B.A. Cognitive Science, May 2024

## Skills

Design: Product Design, UX Design, Design Systems, Interaction Design, User Research, Visual Design, Usability Testing, Accessibility (WCAG), Information Architecture, Wireframing, Prototyping
Tools: Figma, FigJam, Sketch, Framer, Miro, Webflow, HTML/CSS, JavaScript, React, Python, Github, Adobe Creative Cloud
AI: Claude, Figma Make, AI-Assisted Design Workflows, Codex, Lovable, Cursor

## Awards

First place - Google Designathon
